

# Older Scout Adventure Program Request Form – Instructions & Information

## How to Fill Out this Request Form

These programs have a limited number of spaces each week. It is possible that not all requests can be accommodated. Completing the form using the directions described below will increase the likelihood that your youth will get their top priorities for activities.

1. Fill in the grade each participant will be entering next school year.
2. Rank each participant's first program choice by writing a '1' in the appropriate column. (1 = highest priority)
3. Rank each participant's second program choice by writing a '2' in the appropriate column.
4. Rank each participant's third program choice by writing a '3' in the appropriate column.
5. Continue ranking the programs in which each participant is interested in participating.
6. Do not rank programs in which a participant is not interested in participating.

## 'NO SHOW' Policies

Many programs have a limited size or need a minimum number of participants to be held. Scouts should only sign up for programs in which they intend to participate. If a Scout signs up but does not show up, it keeps other interested Scouts from participating or forces the cancellation of some programs (you can't do a trust fall in COPE with only half of the scouts). To emphasize this, camp has a "no show" charge of \$5.00 per Scout that does not attend a confirmed program.
